Skills

Languages : C++, C, JavaScript, Python
Frontend : HTML, CSS, Tailwind CSS, React.JS
Backend : Node.JS, RESTful APIs
Databases : MongoDB, MySQL
Dev tools : VSCode, Git, Github, Postman

Projects

Newsify

JavaScript, HTML/CSS, APIs, Git, Github, VS Code

- Crafted a web-based platform using News API to curate and display a dynamic array of real-time news articles.
- Enabled users to customize their news feed by choosing topics and regions of interest for a personalized experience.
- Designed a user-friendly interface ensuring an informative and engaging experience with headline previews, article summaries, and direct article access.

Currency Xchange

ReactJS, NodeJS, JavaScript, Tailwind CSS, HTML, Git, Github, VS Code

- Developed Currency Converter web app with React.js and Node.js, integrating real-time exchange rates via external APIs.
- Implemented custom hooks for efficient state management and styled UI with Tailwind CSS for modern design.
- Managed version control using Git and GitHub, ensuring code integrity throughout the development process.

Task Master

React.js, Node.js, JavaScript, HTML/CSS, Git, Github, VS Code

- Designed and developed a web application using React.js for the frontend, offering a dynamic interface for creating, managing, and organizing tasks.
- Utilized React's state management to provide real-time updates and a seamless user experience.
- Implemented features for adding, updating, and deleting tasks, ensuring efficient task management while showcasing understanding of React.js and Node.js.

Education

Savitribai Phule Pune University

Bachelor of Engineering in Computer Science

Dec 2024 – May 2028

Dr. D. Y. Patil Junior College

Higher Secondary Certificate (HSC)

2024

CES Abhiman English Medium School

Secondary School Certificate (SSC)

2022

Achievements

- Participated in Anveshana Hackathon and developed **Waste Snap** – a Smart Waste Management system.
- Achieved **2 star** on CodeChef with a max rating of **1511**; solved **550+** competitive programming problems on CodeChef and **80+** on LeetCode.
- Completed CodeChef Competitive Programming Course; practicing Advanced Data Structures & Algorithms in C++.
- Strong expertise in C++ and DSA with continuous hands-on learning in Web Development and Programming.

Extra Curricular

- Developed strong analytical and problem-solving skills through consistent competitive programming practice.
- Self-driven learner with continuous skill improvement in C++, Web Development, and Design.
- Demonstrated leadership and teamwork during Anveshana Hackathon participation.
